

CAFE POLO AT LEVEL TWO

We are currently at alert level two. During this time, all diners are required by law to sign in using either the Covid 19 QR code or the handwritten log.

We understand that not everyone wants to be in cafes during level two, we're more than happy to help you out with takeaway meals and coffees which can be ordered over the phone (04 3807273) or through the Regular App.

As tables are reduced to allow for social distancing, if you do plan on dining in at Café Polo please call ahead and reserve a table.

WHAT WE'RE SERVING

At level two we will offer cabinet sweets and savouries, a slightly shortened version of our usual Polo brunch menu and a couple lunch specials which start at 11:30am each day.

Starting from September 8th, Burger Wellington resumes. This is supposed to last four weeks however, due to the interruptions this festival has faced, we will be assessing how long we participate for based on sales and demand.

If you would like to book a table for Burger Wellington, please let us know at the time of booking so we can ensure there are enough burgers for everyone.

The Drunken Farmer
